Regular Club Games every Tuesday and Thursday at 1:00.

The Special Games listed above award more master points than our regular club games.

Club Appreciation Swiss Games - The master point awards are part Gold and Black

STaC - Sectional Tournament at the Clubs - The master point awards are Silver.

NAP - North American Pairs - The master point awards are half Red and half Black.

GNT - Grand National Teams - Swiss team qualification for Unit, District and National levels.

Membership Games - Both players must be ACBL members to earn Master Points.

ACBL membership is not required.

Pro/Am Games - While you can play with your regular partner, the Pro/Am games are to match our aspiring players with our veterans.

IMP Pairs - Regular pair events are scored by Matchpoints.

The IMP pair events are scored by IMPs; just like in team games.

Split Unit games are played concurrently at several clubs.

The master point awards can be higher.
